use	kind	light	both	which

Copy the template on office paper. Copy the colored dots on cardstock. Cut the colored dots. Adhere a magnet on the backside of each dot.

4 In a Row

Two students play this game. Place the template on the cookie sheet. Provide each student with colored circles. Have the first player read a word and place their colored circle on the square. The next player takes a turn by reading a word and placing their colored circle in the square. The first player to get 4 colored circles in a row wins the game. While trying to get 4 circles in a row, the player must also block their opponent.
